About Us

MILOTA GROUP – Innovation over the limits “Proud of our roots”

It is no coincidence that our journey began in capital of ceramic manufacturing in India.

It began with machine manufacturing further expanded with production of wood polymer composite, Ceramics / Porcelain tiles & Mosaic

The leadership of Milota Group has worked to assure that the company's commercial soul is shaped by a deep commitment to environmental awareness and cultural influences.

MILOTA Group has demonstrated a unique ability to synthesize the essential principles of Indian tradition with the dynamic creativity of today's most celebrated product designers.

Our Production is designed to consume fewer raw materials and energy resources, to recycle otherwise wasted materials, and to increase the natural durability of its inventive applications.

Introducing Milota Mosaic

We are extremely pleased to introduce Milota Mosaics. A new range of Mosaic

With the one of the largest manufacturing capacity of Vetrified mosaic in the country, We are equipped to meet all your requirements on time, every time.

Innovation, Expertise and Elegance are the three elements that reflects in our products, and this also represents to what "MILOTA" stands for.

Our products embody a unique *STYLE* statement in each of its artefact catering to the different aesthetic preferences of architects & designers.

Our range of mosaic is also a sophisticated convoy of elegance, durability & aestheticism that preserves the age-old versatility with its exotic range of multiple colors with more than 10 different shapes, looks & stylish textures.

SHUBHWOOD ---
Innovation over the limits –
“ Save tree Save earth

Shubhwood WPC : - A material for future

We have only one earth and we work on preserve virgin forests. We believe 'not to cut' virgin trees. So we developed an important subject known as ' Wood Polymer Composite' – WPC in India.

"Shubhwood is the only India company whose WPC products are certified as GREEN PRODUCT by IGBC - CII"

Shubhwood
PREMIER WOOD COMPOSITE

SHUBHWOOD

Innovation over the limits –
“ Save tree Save earth”

Area of applications :

Currently application of WPC is largely in finished products such as decking, cladding , window frame etc. The market of WPS products has grown at a rate of 100% per year for last 5 years and YOY it is increasing as new area of application are found for the material.

- Outdoor Decking
- Garden & Terrace Tiles
- Sound proof Cladding
- Siding & Railing
- Pavilion and pergola
- Dustbin & Flower Pot
- Door Frame and Window Frame
- Skirting boards
- Exterior Gates
- Swimming pool decking
- Pool Deck Tiles
- Interior & Exterior Wall Cladding
- Ceiling Panel
- Fencing and fence posts
- Bench and outdoor desk
- Louvers
- Walk Bridge
- Office partition
- Gazebo

Contrast to wood :

Comparing to natural wood with our Shubhwood composite product after few years to time tested about rain water , climate impact, UV Impact etc. we got know instead of cracks, fade , moth-eaten aging and rotten our WPC keep excellent performance.
